RECYCLING

Collected Same Day as Trash

TRASH AND RECYCLABLES - [SAME DAY](#) Collection

Most of your household waste is recyclable.

The more we recycle as a community, the less we pay for trash going into a landfill.

Recycle disposal is FREE and Prepping for Collection is SUPER EASY!

PAPER, PLASTIC, METAL, GLASS - ALL GO TOGETHER and LOOSE
into one container **No plastic bags allowed.**

Why no bags? Plastic bags jam up the sorting machines.
Even the bags labeled as “recyclable” jam the machines.

DESIGNATE 1 CONTAINER OR MORE FOR RECYCLING -

Recycle cans, bins, and cardboard boxes are acceptable containers.

- **LIDS** - Again...Secure your recycle containers with tight-fitting lids to prevent wind and animals (raccoons, crows, squirrels, rats) from causing a mess.
- **ADDRESS** - to prevent loss or theft, mark both the lid and container with your address.

MARK CONTAINERS SO HAULER CAN EASILY IDENTIFY IT. *(With over 1,000 stops per day, the truck driver does not have time to stop and check every single can.)*

The drivers will be looking for: *(in order of preference)*

- ⇒ Recycle can marked on both sides with the recycle logo or word: “Recycles” -**or** -
- ⇒ Can with plastic bag tied to handle - **or** -
- ⇒ Can with large “x” on both sides (spray painted or duct taped.)
